### Material and coating:

- Frame and cover in Ductile Iron EN GJS 400-15: varnish or bituminous coating

### Field of application:

- C250 class (Group 3) according to standard EN 124-2, intended for the circulated pavements and similar locations subjected to the passage of vehicles.

### Origine France Garantie

- This product is made in France in our foundry in Blénod-les-Pont-A-Mousson (54), and is certified Origine France Garantie. This guarantees consumers that the product is made in France in accordance with specifications available on [originefrancegarantie.fr](http://originefrancegarantie.fr). The certification number is: BVCert 6026906.
- *“Origine France Garantie certification is awarded by an independent certification body. Checks are then carried out every year to ensure that the product is indeed 100% made in France and*

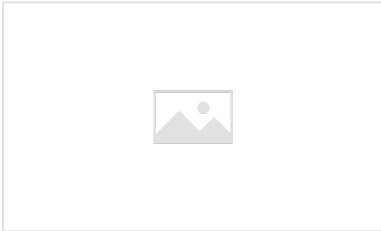

*that at least 50% of the product's manufacturing costs (including raw materials) are of French origin".»*

### Main characteristics:

- Specific design ensuring the stability of the cover.
- Frame notched at wide seating enabling a successful anchorage.
- Easy and ergonomic handling.
- Optional quarter turn locking system (optional).
- Set of 4 identification caps of underground network (optional).
